FLAG POLE

Creating the Flagpole with such international standard performance proves the reliability of the technological innovation of the pole. The Flagpole has also an elegant pole finish ensuring the state of the art look.

Any pole in Al-Babtain's Pole Factory can be used for the Flagpole.

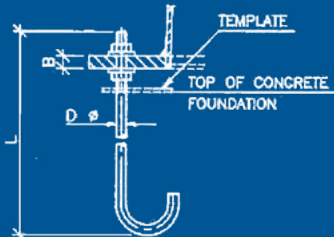

The Flagpole suits for heights up to 120m, where the poles with heights above 15 meters are produced in two or more sections and are assembled by overlapping slip joints. They are generally supplied with hot dip galvanization or painted externally, as per the customer request. Ropes and pulleys are provided to Flagpoles with smaller heights. They can also be supplied with an Electro- Mechanical winch for higher heights.

FLAG POLE

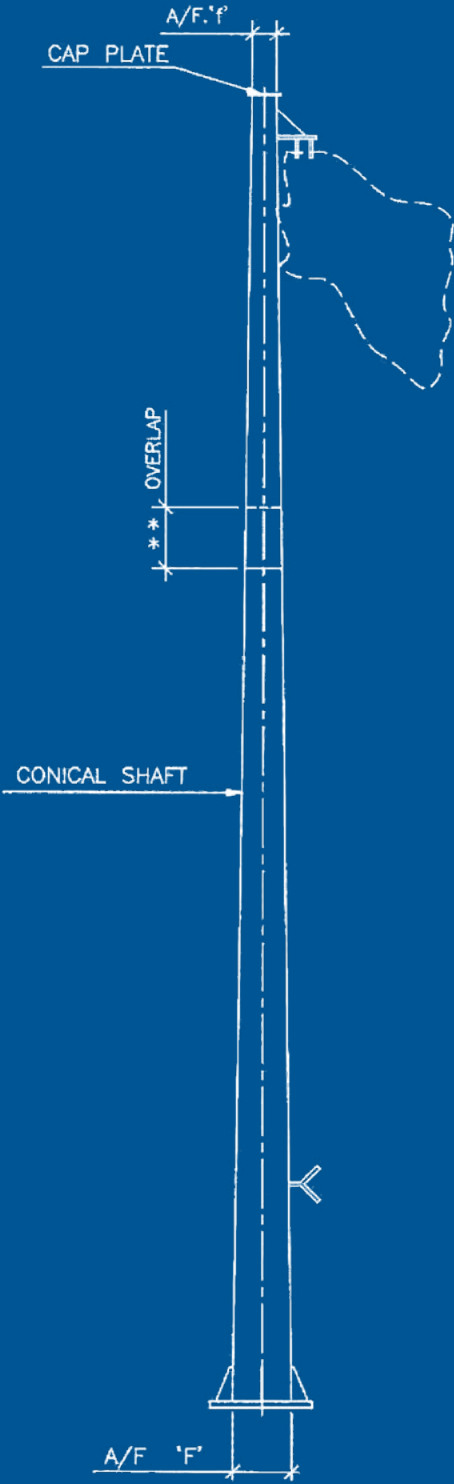

* FOR THE POLE HEIGHT ABOVE 12 MTRS.

ANCHOR BOLT - 'J' TYPE
 'L' TYPE ANCHOR BOLT CAN BE PROVIDED AS PER CLIENT'S REQUIREMENT

** FOR SEGMENTED SHAFTS WITH HEIGHT GREATER THAN 15 MTRS.
